

# Addendum No. 1

Date: November 3, 2023 To: All Proposers From: Jose Perez, Assistant Transit Manager Subject: RFP20231013YARTS Advertising Services of YARTS Buses

Proposers: This Addendum issued by YARTS supersedes the language in the RFP. Any part of the RFP not addressed in this Addendum remains unaffected, and the original RFP language stands.

### The following change was made to Section 1.3 Project Duration

Please note the change is shown in red, italicized text and is strikethrough.

The contract term is anticipated to commence March 1, 2024, and end February 28, 2027, and is contingent upon available funding and successful performance. The contract term may be extended by YARTS for two (2) additional one (1) year terms and shall be based on available funding and successful performance. *The contract will be a fixed price contract for the full-term including extension.* 

### **Questions and Responses**

Please note that proposer questions are written verbatim and YARTS's responses are provided in red and *italicized* text.

1. Can you kindly confirm that the winning company will be directly responsible for generating revenue for YARTS?

#### That is correct.

2. What is the current percentage of ridership on each route that are Yosemite National Park Employees?

3% of ridership for FY 22/23 are NPS/Aramark employees.

3. On page 6, Section 1.3 Project Duration it states, "The contract will be a fixed price contract for the full-term including extension." Does this mean YARTS is looking for a 3 year price, with an additional price for subsequent years if the contract is extended?

#### Please see above.

4. In Section 2.3 Scope of Work, on bullet point 4, there is mention of subcontractors doing ad layout and completion. Is this a YARTS vendor already being used, or would the Consultant be free to choose their subcontractor?

Consultants will be free to choose their subcontractor.

5. In the last 3 years, what revenue has YARTS earned due to bus advertising?

\$0.00.

6. Does the Consultant's budget need to include payment for subcontractors, and for any replacements to damaged ads or displays as necessary as noted in Section 2.3 Ongoing Services? Or does the Consultant submit receipts to YARTS for reimbursement?

Consultant's budget will need to include payment for subcontractors, and for any replacements to damaged ads or displays.

7. Will advertisement installation cost be paid out of the Consultant's budget, by YARTS, or by the advertising client?

This cost will not be paid out by YARTS.

- 8. Can you please provide the annual mileage and ridership per service corridor for the past (3) years? *Please see pages 3-5.*
- 9. Do the bus models rotate routes?

Yes, buses used in the summer service on Highway 140 interchange with services on Highway 395 (service to Mono County).

10. What are the dimensions of bus shelters (side panel)?

25.5″ X 69″.

11. On the Proposal Cost Summary Form, it lists "headrests," "monitors," and "laboratories." Can please provide more information about these? Pictures, dimensions, locations, etc.

Please see pages 6-7.

12. Do all buses interchange between routes?

Buses used in the summer service on the Highway 140 interchange with the Highway 395 (service to Mono County).

13. How many buses run year-round?

In the winter service for Highway 140, we use a max of 7 buses (5 for service with 2 spares). In the summer service, we use 19 buses (15 buses for service with 4 spares). This will change in the future if service levels in Sonora increase to 3 trips and service to Fresno increases to 2 or 3 trips per day.
